NOTICE CONCERNING THE MAY 19, 2020 ARCHITECTURAL DESIGN REVIEW BOARD MEETING:
REMOTE CONFERENCING / REMOTE ACCESS

The ADRB meeting is open to the public. However, due to the State of Emergency related to COVID-19, the Planning Department is encouraging those who are comfortable participating in the public hearing remotely to do so.

The ADRB meeting will be held simultaneously via Zoom webinar. Per usual procedure and per Ohio’s Sunshine Laws and Public Hearing requirements, the meeting shall be recorded by audio.

Anyone can use the website link or dial into the meeting using the following information (see below).

Online:

Please click the link below to join the webinar:

</tbody>
</table>
Introduction:
The Applicant, Kim Winters, has submitted a Certificate of Appropriateness Application for the property of 917 Dayton Street. The proposal involves removing a small accessory structure and replacing it with a new accessory structure in the rear of the property.

The subject property of 917 Dayton Street is part of the Dayton-Cambell and is Zoned R-4 Multifamily Residence District.

The applicant contacted the Planning Department to inquire about replacing a small shed on their property with a new shed in the rear of the property. The purpose of this request is to replace a smaller shed and provide a space for securing landscaping equipment on the property.

PROPOSAL
- Accessory Structures:
  - Removing small shed on property
  - Installing 8 feet X 10 Feet shed
  - Exterior Finish: Wood Vertical Siding
    - Color
      - Body: Solitary Gray
      - Trim: Dover Gray
    - Roofing: Three (3) tab shingles
    - Shed Door
      - Sandwich Design
      - Heavy Duty Hinges
      - Locking Door Handle

ADRB Policies & Guidelines; and Other Requirements

The application includes the demolition or removal of a small shed in the rear of the property. Though this would be considered a demolition, the demolition guidelines are intended for larger historic buildings such as single family dwelling units or commercial buildings. The demolition guidelines would not apply to this request.
The ADRB Policies and Guidelines reference new construction or building additions though they are intended for new single-family dwellings or additions to historic buildings. These regulations do not apply to new sheds. For reference, the Ohio Building Code does not require permits for new structures with a floor area below 200 square feet.

The Hamilton Zoning Ordinance does not have any requirements for finishes or roofing for structures with a floor area below 200 square feet.

**Recommendation:**

The ADRB can approve, modify, or deny the COA request for a new accessory structure. Should the ADRB wish to approve the request, the Planning Department recommends the following motion:

To approve of the COA request to remove an existing accessory structure and install a new accessory structure as presented to the Board given the following findings:

1. That the COA request is compliant with Section 1126.50 of the Hamilton Zoning Ordinance.

**Staff Basis:**

Staff has reviewed the COA application and recommends that the ADRB approve of the COA request given the following reasons:

1. The ADRB Policies and Guidelines for demolition are intended for residential or commercial structures and not sheds.

2. The ADRB Policies and Guidelines for new construction are not intended for smaller accessory structures such as sheds.

3. Approving of this COA request would allow the applicant to secure their personal property and maintain their property.

ZONING
APPLICATION FOR A CERTIFICATE OF APPROPRIATENESS

Exterior changes made to buildings, outbuildings, landscapes, or other exterior features located within one of the City of Hamilton's Historic Areas or properties individually listed by Ordinance shall not be permitted unless and until the Architectural Design Review Board issues a Certificate of Appropriateness for the action. The ADRB will review the plans, monitor the work and administer the Architectural Conservation/Historic District section (Section 1126.00) of the Hamilton City Zoning Ordinance.

A fee will be charged for any Certificate of Appropriateness application that is required to be heard before the ADRB, unless the proposed change is returning to or restoring to previous or original historic materials that can be referenced in past Architectural Design Review Board or other official City of Hamilton/State of Ohio Historic Inventory records. A proposal that is Like for Like (A repair or improvement in relation to a property in which the repair or improvement utilizes the existing materials/colors and replaces them with matching materials) does not require ADRB review and will be approved by the Secretary.

A nonrefundable twenty-five dollar ($25.00) fee for Residential property or fifty dollar ($50.00) fee for Commercial property is due when a Certificate of Appropriateness application is submitted.

Please see Page 4 for the Meeting Dates and Application Deadlines.

Rev. 12/12/2019
DESCRIPTION OF WORK TO BE PERFORMED
Please specify the exact location on the structure, the nature of the work, the materials to be used, and the existing historic features to be repaired or replaced. Landscape, fence, and out buildings, etc., should include a sketch of the property showing the proposed location. In order to make an appropriate, fair and timely decision the ADRB may request additional detailed information. This may include plans, sketches, photographs, and information about the materials to be used, including brochures, catalog information, and paint chips.

Work Proposed: (Describe type of work, existing conditions, and methods to be used, materials proposed)

| Have a small 8x10 wooden shed built to house lawn mower and various lawn equipment Safely. Remove existing shed & place new shed in approximate location, which will be near to chain link fence at property line, roughly 18-20 inches from fence. I do not have a garage on property to properly store equipment. Work done by professional installers at home spirit. |

CHECK ALL THAT APPLY & FILL IN THE CORRESPONDING INFORMATION

| ☑ Paint |
| Appearance of Color: | Body - 7 690 solitary state (light gray) |
| Color Name & Manufacturer: |
| Location (body, window trim, specific trim, accent): | Trim Paint = Darren Grey or Goblin darker gray |

| ☐ Siding |
| Existing Siding (style, material, color, location): | Vertical Grooved Wood Panel Siding |
| Proposed Siding (style, material, color, location): |
| Manufacturer: | Proposed Size: |

NOTE: If proposing vinyl or aluminum siding, per ADRB Guidelines, applicant must be provided a copy of Preservation Brief 8, concerning siding. It is HIGHLY recommended that applicant provide pictures and document extensive reasons why vinyl or non-historic siding is being proposed.

| ☐ Roof |
| *Please note, Roofing requires a building permit* |
| Existing Roof (material, style, color): |
| Proposed Roof (material, style, color): | 3 Tab Shingles on GAF Synthetic Red Standard Peak Type |
| Manufacturer: | Location: |

| ☑ Windows / Door |
| Existing Windows/Door (style, material, size, color, location): | Door located on frame side of house |
| Proposed Windows/Door (style, material, size, color, location): |

☐ Soffit
   Existing Soffit (style, material, location, color): ________________________________
   Proposed Soffit (style, material, location, color): ________________________________

☐ Other Work not listed above:
   ____________________________________________________________________________

☐ Demolition

   NOTE: **1126.60 Certificate of Appropriateness – Demolition:** In the event an application for a Certificate of Appropriateness includes demolition of any property in the Architectural Conservation/Historic District the applicant shall be required to submit evidence to the Architectural Design Review Board indicating that **at least one of the following conditions prevail:**
   ☐ That the property proposed for demolition is not inherently consistent with other properties in its area of the Architectural Conservation/Historic District,
   ☐ That the property proposed for demolition contains no features of architectural and/or historical significance; or
   ☐ That there is no reasonable economic use for the property as it exists or as it might be rehabilitated, that there is no feasible means or prudent alternative to demolition,
   ☐ Existing structures listed in section 1126.110 (Central Area Building Inventory) shall be maintained. For buildings listed in that inventory, the cost of rehabilitation must exceed 67% of the replacement cost of the same structure at the time of the proposed demolition based on the Marshall Swift Construction Cost Index or a similar industry standard index before a Certificate of Appropriateness for demolition can be issued. No building listed in the Central Area Building Inventory may be demolished without approval by the Architectural Design Review Board regardless of existing building condition. (OR2013-2-22)
   ☐ Both the architectural and historical significance of the property, its relation to the street and to the historic district as a whole shall be considered.

**Please Explain the selection made above:**

I. Roll Call:

II. Swearing in of Those Providing Testimony to the Board:
Notary Public Daniel Tidyman

III. Approval of Meeting Minutes – Written Summary and Audio Recording for these dates:

A. March 17, 2020
   o Approved as received

IV. Properties Seeking COA - New Business

1. 622 Dayton Street (Dayton Lane) – Fencing

Staff Presentation:

The Applicant, Shi O’Neill, has submitted a Certificate of Appropriateness Application for the property of 622 Dayton Street. The proposal involves fencing.

The subject property of 622 Dayton Street is part of the Dayton-Campbell Historic District and is Zoned R-O (Multi-Family Residence Office District).

This property is also part of the State of Ohio Historic Inventory, referenced as BUT-981-9 – see attached.

**PROPOSAL**

- Fencing:
  - Existing:
    - Front yard: Ornamental fence
- East Side Yard: Picket fence, galvanized fence posts for chain link fence.
  - Proposed:
    - Removing existing picket fence
    - Install chain link fence
      - Run from behind large tree on property to rear of property
      - Screened by trash and recycling bins from neighboring property (644 Dayton)
      - Partially screened from existing ornamental fence in front of property
      - Planting climbing vines (honeysuckle and clematis)
      - Can install sand cherry bushes along the fence line for additional screening.

**ADRB Policies & Guidelines; and Other Requirements**

This application broaches the topic of fencing in the ADRB Policies and Guidelines. They board may approve chain-link fences if they follow one of multiple constraints. The constraint that aligns the most with the proposal includes using chain-link fencing with the same color and height of another appropriate type of fencing that is prominent on the property. This includes using the black chain link fence to continue from the existing ornamental fencing located in the front yard of the property. Additionally, the chain link fence can be screened with shrubbery.

**Recommendation:**

The ADRB cab approve, modify, or deny the COA request for fencing. Should the ADRB decide to approve the COA request, the Planning Department recommends the following motion:

**Public Hearing:**

ADRB asked if the posts will be black as well. The applicant, Shi O’Neill, was in attendance to discuss the project. She stated that originally it was a chain link fence on the property. The current picket fence is falling down. The poles will be black. The applicant said she can add additional landscaping in front of this fence. They discussed the type of plants along the existing fence. Ms. O’Neill confirmed the ornamental fence in front of the house will remain.

ADRB asked about how this is different than the Wright’s recent application (644 Dayton Street, March 5, 2019). Staff stated that the landscaping is a difference in the application. ADRB stated that the garbage cans should not be considered a screen for the fence.

ADRB stated they like the design of the picket fence. Ms. O’Neill stated they cannot afford a new picket fence. ADRB asked about repairing the fence. Ms. O’Neill stated that the fence is rotted. ADRB discussed landscaping coverage for the fence. Ms. O’Neill believes her landscaping proposal will screen the fence.

ADRB discussed starting the chain link fence further back from the street where it is less visible. ADRB stated they like the black chain link more than regular chain link.
Motion to close the public hearing: Fairbanks
Second: Bloch

Discussion:

ADRB reviewed the minutes from March 5, 2019 when the Wrights were denied a chain link fence and reviewed the ADRB fence rules. ADRB approved a chain link fence up to the front corner of the house at 644 Dayton. The property owner at 644 Dayton did not put up the approved chain link fence.

ADRB discussed the hedge/screening. Staff discussed leveraging input from an arborist to determine the best screening.

Motion: Motion to approve subject to the recommendations related to landscaping screening in the front section of fencing that is visible from the right-of-way, the exact distance to be finalized by Planning staff.

Motion by: Bloch
Second: Spoonster

Motion passes unanimously.

V. Miscellaneous/Discussion/On the Radar

- Report of Administrative COA’s
  - 13 administrative COAs – mostly painting and roofing
    - Deck at 401 N 2nd
    - 816 Dayton – historic renovation
  - Welcome to Tammy Snyder, new board member for Dayton Lane

VI. Adjourn

Adjourn at 5:18

Motion: Fairbanks
Second: Whalen
