

HOW TO USE THE EMPLOYEE RELATIONS HANDBOOK

This handbook is to be used as an aid and guide for City of Hamilton Supervisors.

Each section covers an area of inquiry with a brief introduction, then answers the questions most frequently asked of Human Resources by supervisors and managers. Links provided throughout will take you to sample letters and other documents, such as City policies.

Our purpose is to make the handbook as complete as possible, so please call the Human Resources Department if there is an issue you would like addressed in this Handbook, and we may incorporate it in a future update.
